Vendor plate customers will have the option to renew for 1, 5 or 10 years at the end of their term. The system will indicate to county users which options are available. However, subcontractors will NOT be able to make any changes; they will only be able to scan the renewal notice and collect the funds.

### Ordering Vendor Specialty Plates

#### Vendor Plate Application Link

County offices may process a vendor plate application for their walk-in customers through a direct link provided in RTS to a basic version of the MyPlates.com Web site. Like most Web site stores, the plate order involves choosing an item, putting it into a shopping cart, and submitting the credit card information. County users will go from RTS to MyPlates.com and come back into RTS through a series of screens. The order link is accessible on the RTS main menu by clicking Customer>Special Plates>MyPlates.com. **Vendor plate order transactions completed at the county for customers will not appear on any reports.**

Once a vendor plate is ordered at a county through the link to MyPlates.com, the plate may be attached to the customer's vehicle through RTS, just like non-vendor plates ordered through RTS.

- Payment is accepted by Credit Card only
- For additional information on ordering a vendor plate, see **Addendum** provided with the Release Notes or call **My Plates** toll free at 888-769-7528

### Vendor Plate Expiration and Prorated Fees

The REG029 screen is used to enforce expiration/fee rules for vendor plates. Plate and registration do not have to be synched up-front for 5 and 10-year vendor plates.

- A vendor plate can always expire after the current registration, but can never expire before the current registration expiration.
- If the vendor plate expires before the current registration expiration, the “Vendor Plate Renewal” radio buttons on the REG029 screen will be enabled and the customer can pay a prorated plate fee (at the current term rate) to match up with the current registration.
- At renewal, the customer may choose to renew their vendor plate for a 1-, 5-, or 10-year term (at that term’s prices).

RTS will take the same kind of automatic prorating actions when:

- a 5 year vendor plate synchs in the 4<sup>th</sup> year to match up with the current registration.
- a 10 year vendor plate synchs in the 9<sup>th</sup> year to match up with the current registration.

**Note:** A One Year Term may be more than twelve months, when needed to synch with the current registration.

The screenshot shows the REG029 screen with the following details:

- Minimum Exp. Month/Year: 06/2011
- Maximum Exp. Month/Year: 05/2012
- Minimum fee total: 295.80
- Maximum fee total: 349.43
- Enter Expiration Month and Year (MM/YYYY): 06/2011
- This reflects 12 months of registration. This reflects 60 months of Plate Fee.
- Fees Description and Item Price table:
 

Fees Description	Item Price
WINDSHIELD STICKER	\$58.50
LONE STAR A WHITE/ORANGE PLT	\$225.00
REG FEE-DPS	\$1.00
REFLECTORIZATION FEE	\$0.30
CNTY ROAD BRIDGE ADD-ON FEE	\$10.00
AUTOMATION FEE (LARGE CNTY)	\$1.00
- Transaction Total: \$295.80
- Previous Expirations: 06/2010 Registration, 06/2010 Vendor Plate (5 Year)
- Vendor plate renewal options:
  - No Renew
  - One Year 85.00
  - Five Year 225.00
  - Ten Year 325.00
- New Plate Exp. Mo/Yr: 06/2015
- Buttons: Enter, Cancel, Help

When renewing a vendor plate at the REG029:

- Counties should pay special attention the **Vendor plate renewal:** field to ensure the Plate Term is correct.
- The **New Plate Exp. Mo/Yr:** is modified when a new plate term is selected,

## NICUSA

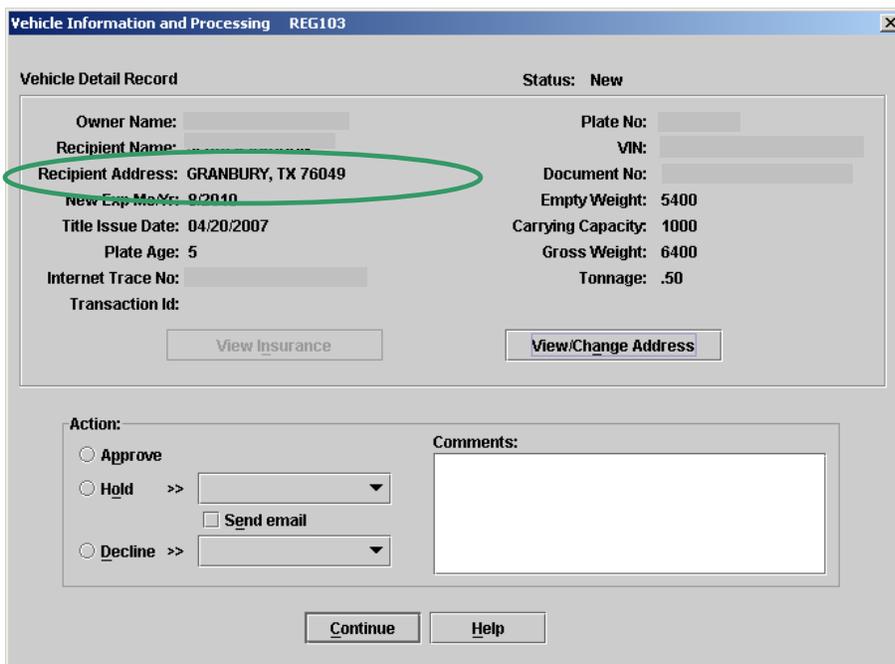

The following link is primarily for counties participating in IVTRS. The RTS Main Menu now includes a link to NICUSA. The link provides access through RTS to the NICUSA payment processing website where enhanced versions of the Vendor Payment Report (VPR), Internet Deposit Reconciliation Report (IDRR), and other credit card reports are available. To access the site click on **Customer>Registration Only>Internet Renewal>NICUSA.com**.

- Click on NICUSA
- Login to NIC
- Counties can view and print reports for all online transactions

## Internet Renewal

The **Recipient Address** now appears in the Vehicle Information and Processing REG103 screen to reduce the time it takes to verify if the customer is Out of County instead of having to select View>Change Address.

**Email Addresses**

A new field is available for adding or modifying an owner or renewal recipient email address. You may enter optional E-mail addresses for customer service purposes on the following screens:

- Owner Entry TTL007
- Inquiry Owner Addresses INQ006
- Owner Address REG033
- Recipient Address Information REG105 (Internet Renewal)

Additionally, the State field on the Recipient Address Information REG105 is now an input field rather than a drop-down list.

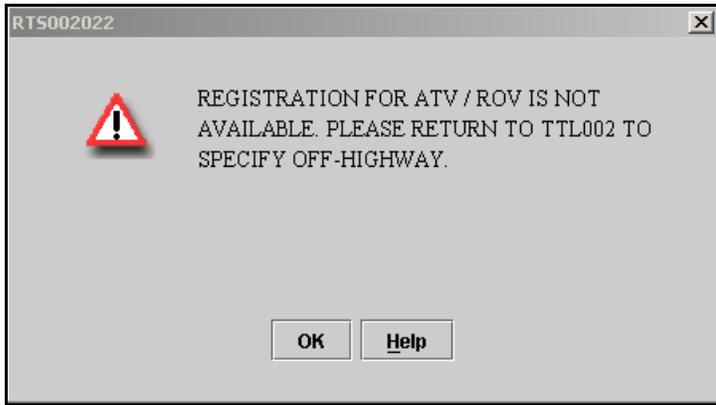

**Note:** The system copies the email address to Special Plate Information (SPL002) screen in the Special Plate Application when attached to vehicle. Additionally, an error message RTS000150 will appear if you enter a character not approved for use in RTS.

The screenshot shows a software window titled "Owner Entry TTL007". It contains several input fields and checkboxes. The "E-Mail" field is highlighted with a green circle and contains the text "NEWOWNER@GMAIL.COM". Other visible fields include "Owner Name" (NEW OWNER), "Renewal Recipient Name" (NEW OWNER RECIPIENT NAME), "Owner Address" (400 OWNER ADDRESS, AUSTIN TX 78746), "Renewal Notice Address" (100 RENEWAL ADDRESS, RENEWAL CITY TX 78787), "Previous Owner" (PRIOR OWNER, PRIOR CITY TX), "Check to record lien(s)" (Record Lien(s) checked), "County Of Residence" (43), "Dealer License No.", and "Unit No.". There are also buttons for "Enter", "Cancel", and "Help", and a "Special Plate Information" button.

**Off-Highway Use**

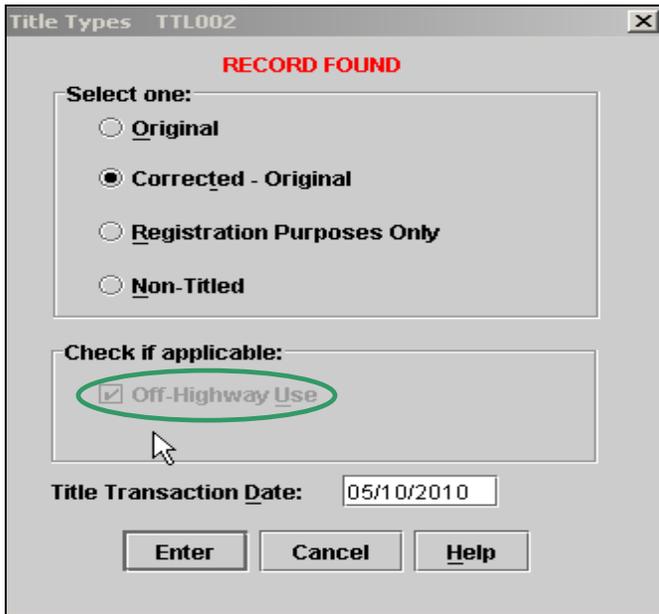

**Original Titles**

- All Terrain Vehicles (ATVs) and Recreational Off-Highway Use Vehicles (ROVs) are properly titled when Original and Off-Highway Use are selected.
- The system disables the Off-Highway Use checkbox when processing a transaction for Registration Purposes Only.
- RTS prevents issuing registration for ATVs and ROVs that were previously registered. If you attempt to title an ATV/ROV that is properly marked as Off-Highway Use, the following error messages will appear during registration:

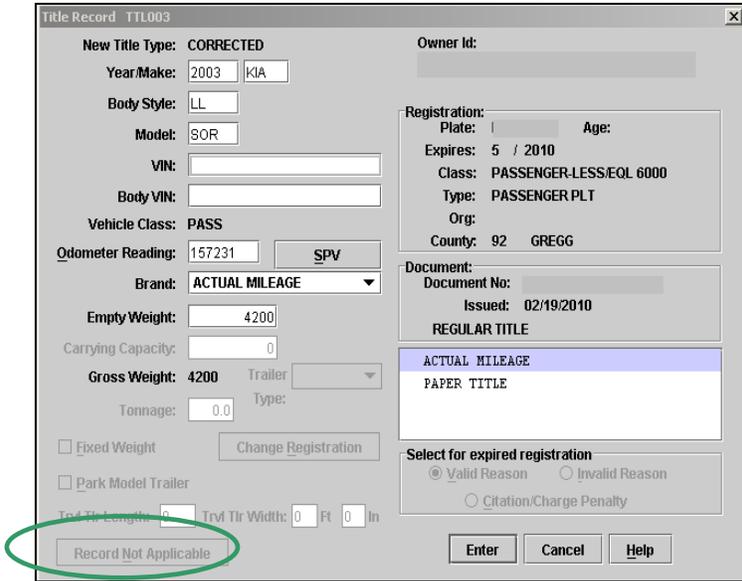

**Corrected Title / Corrected Title Rejection**

The system disables the checkbox for **Off-Highway Use** when you select **Corrected-Original** for the title type. If the title type should change, you should issue a new title.

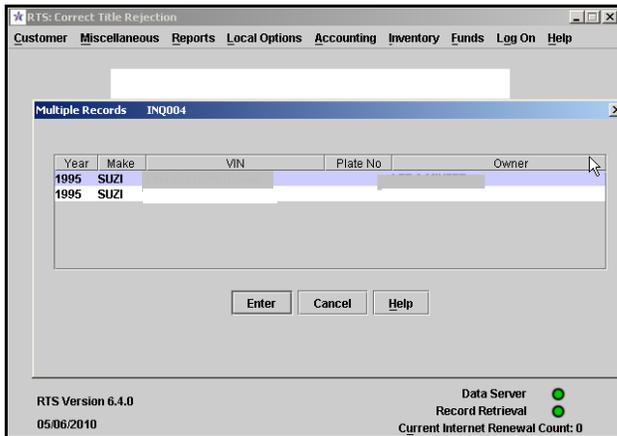

The system disables the **Record Not Applicable** button on Title Record (TTL003) screen when Corrected Title - Original is selected on Title Types (TTL002) screen.

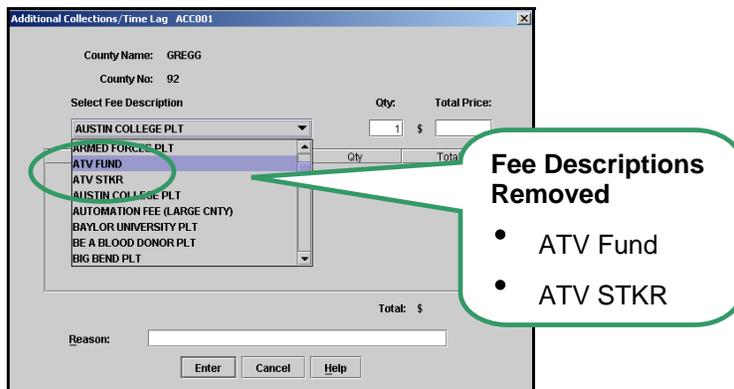

### Correct Title Rejection – Multiple Records

When Multiple Records (INQ004) screen appears in the Correct Title Rejection event the **Record Not Applicable** checkbox no longer is available.

### Fee Description for ATV Fund and ATV STKR

**ATV Fund** and **ATV STKR** are no longer in the **Select Fees Description** drop down menu found in Additional Collections/ Time Lag (ACC001) screen.

## Admin Table Updates

### Combination

The plate number range for 2011, 2013, and 2015 Combination plates will now be 2MN001-2XX999. VTR will now use new invalid letter combinations (PH, TT, TX, VD, XH, XP, and XY) for Combination plates.

### Seasonal Agriculture

The plate number range for Seasonal Ag plates will now be 2XZ001-2ZZ999.

### Rotary International Plates (RI) – Non - Qualifying Plate

Rotary International Plates are now available for passenger vehicles, trucks, motorcycles, trailers, travel trailers, and private buses.

- ROTARY INT PLT
- ROTARY INT MC PLT
- ROTARY INT TRL PLT
- ROTARY INT PB PLT
- PER ROTARY INT PLT
- PER ROTARY INT MC PLT
- PER ROTARY INT TRL PLT
- PER ROTARY INT PB PLT

### New Vendor Specialty Plates

New plates and categories (A, C, D, MC, PB, and TR) offered for sale are:

- GRIDIRON HEROES
- ALPHA PHI ALPHA
- TEXAS NAVY
- TEXAS NAVY ADMIRAL
- AUBURN UNIVERSITY
- OKLAHOMA STATE UNIV

All vendor specialty plates are available for passenger vehicles, trucks, motorcycles, trailers, travel trailers, and private buses.

**Note:** When the county receives a vendor specialty plate, it is important to pay close attention to the label that comes with the plate. The label specifies the plate type you should select on the **Class/Plate/Sticker Type Choice screen**.
